The Seguin Public Library wishes to recognize the literary efforts of local authors by including their works in its collections. These works, however, must meet the library's selection criteria as detailed in the Collection Development Policy.

- The library will acknowledge receipt of the work within 30 days. The library will carefully evaluate all new books using the detailed selection criteria in the Library's Collection Development Policy.
The library will notify the author regarding the library's decision within 90 days.
Acceptance of a copy of the work for the collection does not guarantee that we will buy additional copies. If the library purchases additional copies, they may not be purchased directly from the author.
Some works, especially works of non-fiction, may not be considered without accompanying professional reviews. The library relies in part on professional reviews when making selection decisions, and it is up to local authors to solicit reviews for their works.
Authors may resubmit their work if professional reviews appear at a later time. Works not accepted for the collection will not be returned to the author. The Seguin Public Library bears no obligation for marketing an author's work. Authors are fully responsible for promoting their work.
The Seguin Public Library does not host individual book signings. Local authors are invited to apply for the annual Author Event hosted by the library that features a group of authors.

I have read and agree to the terms and conditions listed above.
